Dash0

The problem: dashboards and alerts are locked into proprietary systems.

“Rebuilding dashboards and alerts is typically the longest phase.”

Dash0's guide for moving from Datadog

Established	New
Splunk 2003	Dash0 2023
New Relic 2008	
Datadog 2010	

Switching is hard, like leaving SAP.

“We make it as easy to leave Dash0 as it is to join Dash0.”
